

# FLY HIGH !

Shoko Kanazawa  
(Calligrapher)

©sho

This work was produced in the hope that the commitment and enthusiasm of athletes, as well as everybody supporting the Olympic Games, will soar high above Tokyo to reach people the world over. The calligraphy with its ray of dazzling light represents the energy of athletes. It is executed on a ground covered with gold foil showcasing fine Japanese craftsmanship. The Tokyo Games is shown employing calligraphy and other uniquely Japanese traditional mediums in a way that communicates depth, authenticity down to the finest details and released energy.
